Social Science Research and Instructional Council (SSRIC)

SSRIC Provides:

⇒ **Access to Data**
Offers support for the use of subscription data bases from ICPSR and the Roper Center, as well as other data bases.

⇒ **Teaching Tools & Training**
Offers free instructional and research materials on using database and related software, including: exercises, online-textbooks, videos, workshops, and more.

⇒ **Research Conference**
Hosts an annual research conference for both graduate and undergraduate students.

The Social Science Research and Instructional Council (SSRIC) is a collaboration of CSU campuses that provides access to a number of the primary data sources, including Inter-university Consortium for Political and Social Research (ICPSR) and the Roper Center.

The Council is composed of representatives from each of the CSU campuses and develops and coordinates programs to extend the quantitative skills of faculty and students through computer-related instructional and research materials, on demand training, and a research conference for students.
